Legal Research & Analysis

Read the Californian Supreme Court decision of *Moore v Regents of the University of California* (1990) 793 P 2d 479 and answer this question:

Analyse, compare and contrast the differing judicial approaches to law and policy demonstrated by both the majority and minority judgements in this case.

Restrict your analysis to those parts of the judgements dealing with property aspects (eg. the body as property, ownership in body tissue/cells, conversion).

Students are not required to restate the facts other than for illustration purposes.

Copies of this judgement will be placed in the reserve section of the Law Library.
